

MMC Project 63: City of Cape Town Groups 8 & 9: Multi-year direct contact (5 unit standards per year), second year 2018/19

City Parks Training Centre, Alice Street (extension), Goodwood-based contact sessions

First draft: 06 August 2018; Schedule updated 4 February 2019

Welcome to this School of Public Leadership programme offering of Municipal Minimum Competency (MMC) training.

Municipal Minimum Competency training is intended for municipal Accounting Officers, Chief Financial Officers, Senior Managers, Other Financial Officials; Heads of Supply Chain Management and Supply Chain Management Officials in adherence to the prescriptions of Sections 83, 107 and 119 of the Local Government: Municipal Finance Management Act 56 of 2003 and Municipal Regulations on Minimum Competency Levels (RSA, Government Gazette 29967, 2007). Please study this document carefully for a comprehensive overview of the background to the programme, venue information, who to contact if you have questions, how to register online, schedule, how recognition of prior learning may be applied and how assessments for the programme are done.

1. Background:

Table 1 indicates the specific SAQA Unit Standards per post mentioned in the Gazette. It provides for two components relating to education and training:

Firstly, it requires minimum Higher Education qualifications: Accounting officers; chief financial officers, senior managers appointed in terms of Section 56 of the Local Government Municipal Systems Act, 2000; middle management financial officials; heads of supply chain units and other supply chain managers not in possession of a formal qualification as stipulated in the Gazette, are given, except for the posts mentioned below - as alternative to the prescribed higher education qualification for the particular post – the opportunity to complete the 166-credit SAQA Level Six Certificate in Municipal Financial Management (CMFM -SAQA ID 48965) consisting of the fundamental, core and elective unit standards indicated in the fourth row of Table 1.

The exceptions are:

- Chief Financial Officers of municipalities with a budget over R500m, who require a NQF-Level Seven finance-related qualification or must be a Chartered Accountant
- Senior Managers of municipalities with a budget over R500m who require a Level Seven qualification in a relevant field
- Middle Management Financial Officials and Supply-chain Managers of all size municipalities as well as Heads of Supply-chain Management of municipalities with budgets below R500m, who are required to have a NQF Level 5 qualification or the National Diploma: Public Finance Management & Administration (SAQA ID 49554). However, the

fact that Heads of Supply-chain Management of municipalities with a budget over R500m is also allowed the 166-credit SAQA Level Six CMFM (SAQA ID 48965) as alternative to a NQF Level Six Higher Education Qualification, is interpreted as that the CMFM may also be accepted as qualification for Middle Management Financial Officials and Supply-chain Managers of all size municipalities as well as Heads of Supply-chain Management of municipalities with budgets below R500m.

Secondly, it requires specific minimum competency levels: Accounting officers; chief financial officers, senior managers appointed in terms of Section 56 of the Local Government Municipal Systems Act, 2000; middle management financial officials; heads of supply chain units and other supply chain managers must be competent in the outcomes of all the Unit Standards listed and marked in rows 1 and 6 to 11 of Table 1.

In furthering the development of competent managers in all municipalities, National Treasury had training programmes and study materials developed for all the unit standards listed in Table 1 and initiated country-wide training through Local Government Seta (LGSeta) accredited service providers, quality control and certification.

The School of Public Leadership of Stellenbosch University is an accredited service provider. Herewith some administrative and academic information about this specific Programme.

2. Structure and venues

In order to accommodate the specific needs of the participating municipalities, the different programme offerings alternate between or combine the traditional longer duration contact sessions and flexible mode. This Project 63 has a traditional longer duration contact approach consisting of teaching and learning activities followed immediately on the last day by an invigilated individual open book assessment and the submission of a narrative assignment one month after the last contact day.

The invigilated assessments will consist of case studies and/or exercises. All contact sessions are presented at the City Parks Training Centre, Alice Street (extension), Goodwood.

3. Enquiries

The following SPL staff members will provide logistical support during the programme:

1. Melissa Botha, MMC programme coordinator, to be contacted if you have enquiries about schedules, venues, registrations, submission of assignments, examinations: Melissa Melissa.Botha@spl.sun.ac.za . She can be reached at tel. 021 918 4403.
2. Johnny Douglas, Academic Head: SPL Executive Programmes, johnnyd@sun.ac.za ; tel. 021 918 4408 / 4122;

6. Class attendance and recognition of prior knowledge

Attendance of the contact session is highly recommended as facilitators provide an overview of work included and hand out learning materials. However, should a participant have proven prior knowledge on a particular unit standard, he or she may be exempted from class attendance, but must still submit the take-home assignment online by the due date and register for writing the examination at the first or second opportunity. Second opportunities will be scheduled after the last unit standard contact session. Should a participant following this route be found not yet competent, no further opportunities are provided and he or she must register and redo the Unit Standard at own cost.

7. Assessment policy

In the interest of ensuring quality and credibility, all Unit Standard assessments must comply with the Stellenbosch University Assessment Policy (HEQC approved) as well as LGSeta prescriptions and will be dealt with in terms of the policy directives applicable to the MMC Programme as set out in the “SPL Municipal Minimum Competency Training Programmes Assessment Policy” posted as supporting document.
